

# Getting started with Adobe® Reader®

Adobe Reader is the gold standard for reliably viewing PDF documents on iPhones and iPads.

Let's take a look at the ways you can use PDF documents with Adobe Reader.

Swipe to the next page to get started!

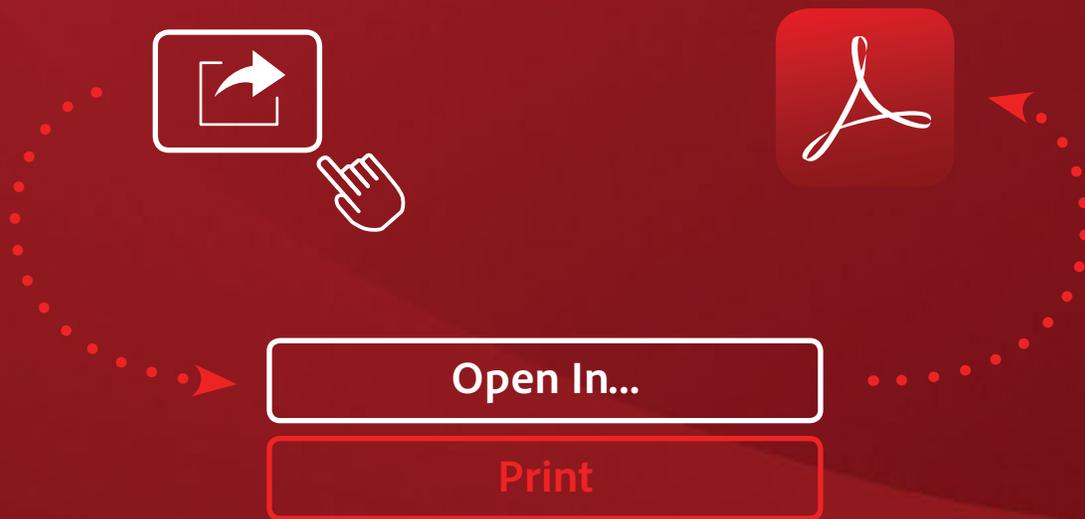

I have PDF documents in Mail and bookmarked in Safari. Plus, a whole bunch more in other apps.

How do I open them with Adobe Reader?

Opening PDF documents with Adobe Reader is as simple as tapping your finger. Swipe ahead to see how.

# Mail

In Mail, tap the  button in the top bar, and choose **Open In.... Easy!**

# Safari

In Safari, tap the **Open In...** button in the top bar. Easier!

Open In...

# Here, there and everywhere.

If your PDF document is in another app that features the **Open In...** button, tap the button to open your PDF in Adobe Reader.

Okay, my PDF documents  
are in Adobe Reader.  
Now what do I do?

Tap the middle of the screen once to  
reveal the toolbars. After a few moments,  
they will disappear until you tap again.

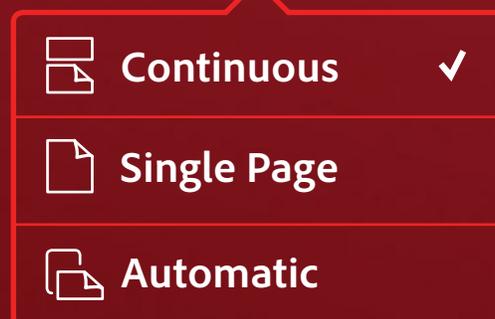

# How do I get from one page to another?

Tap the document icon  in the toolbar to change how you view pages. Go with the flow or admire one page at a time!

 In **Continuous**, swipe up and down  on the screen to change pages.

 In **Single Page**, swipe left or right to change pages. Or, tap the right and left edges. Go ahead, try it now!

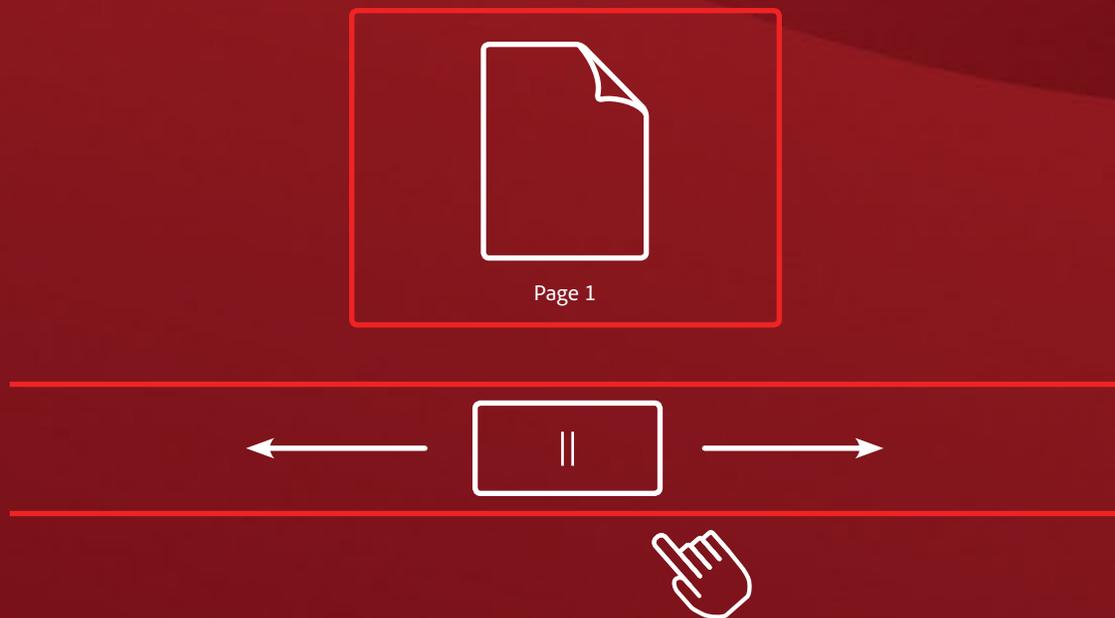

# Get right to the point with document scrubbing.

When your PDF document has five or more pages, a handy scrubber bar appears at the bottom of the screen.

Remember to tap the middle of the screen to bring up the toolbars.

Try it now!

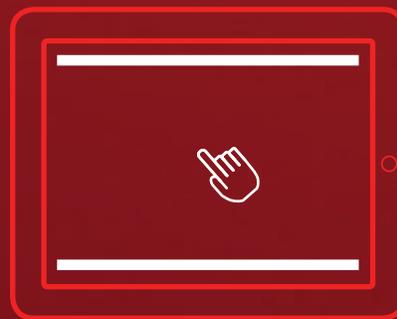

# Try it yourself

Take a moment to see how easy it is to navigate PDF documents in Adobe Reader.

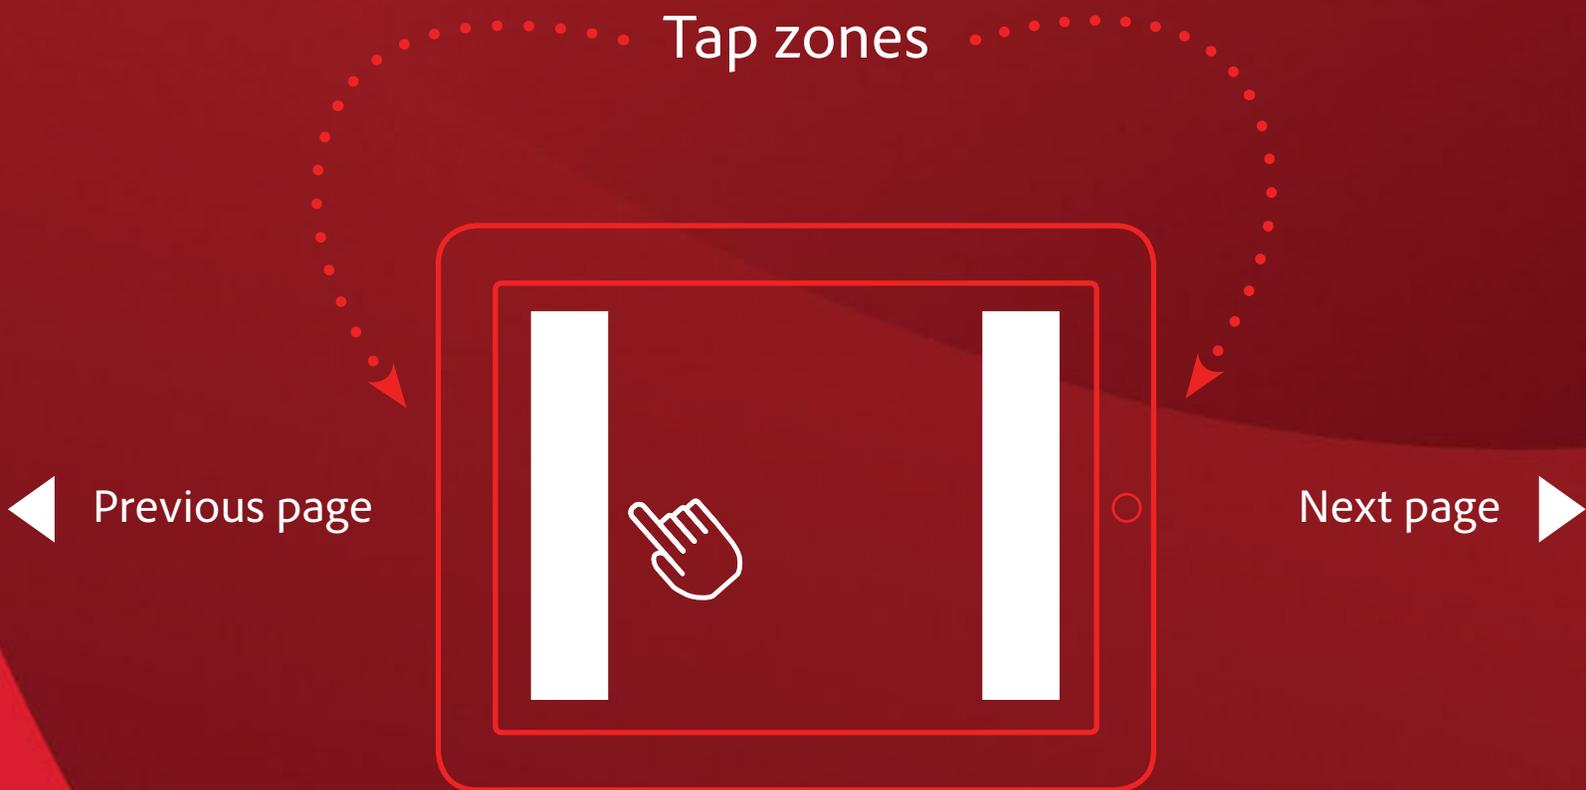

Try out the different viewing modes above and the scrubber bar below.

Remember: Tap the middle of the screen to bring up the toolbars.

# In the zone

In **Single Page**, use the tap zones on the left and right edges of the screen to jump back and forward.

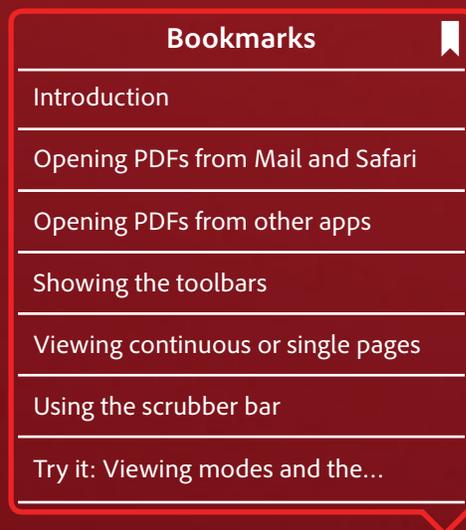

Remember: Tap the document icon  in the toolbar to switch to Single Page.

# How can I jump to a specific chapter in my PDF document?

Bookmarks in Adobe Reader make it easy to get to where you want to go.

If a PDF document has bookmarks already built in, the bookmark icon appears in the bottom right corner of the screen. Try it now!
